

WHAT'S
THE RECIPE
FOR A

LUSH SPRING LAWN?

Top dress with Black Gold
Compost this fall.

HOW TO USE BLACK GOLD COMPOST AS A TOP DRESSING:

- 1 Heavily core aerate entire lawn area, concentrating on most heavily trafficked areas.
- 2 Apply approximately a 1/2" layer of Black Gold compost. The most uniform and efficient way to apply the Black Gold compost is with a top dressing unit or manure spreader.
- 3 Smooth the surface using a raking device or using a weighted drag mat. The raking/dragging will break up the soil plugs, mix it with the Black Gold compost and backfill the holes.
- 4 Seed, lightly rake and water the top dressed area. It is important not to leave the grass seed on the soil surface. It should be covered by the soil/compost layer.

ENRICHING THE REGION NATURALLY SINCE 1992!

VALLEY PARK, MO

39 Old Elam Ave.
(I-44 @ Hwy. 141)
Weekdays 7-5, Saturday 7-3
